TABLE OF CONTENTS

ACKNOWLEDGEMENTS	1
INTRODUCTION	3
CHAPTER 1 - THE LACK OF LITERATURE ON THE MEDIA COVERAGE AND REPRESENTATION OF HUMAN TRAFFICKING	9
<i>1. Human trafficking, law and media: an overview</i>	<i>9</i>
1.1 Human trafficking and the legislative panorama	11
1.2 Media cases on human trafficking	16
<i>2. Literature review on media research in the field of study</i>	<i>19</i>
2.1 Extant media research on crime and criminal justice	20
2.2 Extant media research on human trafficking	27
<i>3. Lack of literature and need for further research</i>	<i>32</i>
CHAPTER 2 - AIM AND METHODOLOGY OF THE RESEARCH	37
<i>1. Aim</i>	<i>37</i>
<i>2. Hypotheses</i>	<i>38</i>
<i>3. Territorial and temporal dimensions</i>	<i>40</i>
3.1 Territorial dimension: Italy and the United Kingdom	40
3.2 Temporal dimension: from 2000 to 2010	42
<i>4. Methodology</i>	<i>43</i>
4.1 The national anti-trafficking measures as the independent variable	43
4.2 How to measure variations in the dependent variables	47
<i>5. Limitations of this methodological approach</i>	<i>60</i>
CHAPTER 3 - THE DESCRIPTIVE ANALYSIS OF PRESS ON HUMAN TRAFFICKING	63
<i>1. The census of the news items on human trafficking</i>	<i>64</i>
<i>2. The accuracy of the language used in news items on human trafficking</i>	<i>67</i>
<i>3. The exploitation sectors in the news items on human trafficking</i>	<i>72</i>
<i>4. The tone of news items on human trafficking</i>	<i>79</i>
<i>5. The salience of news items on human trafficking</i>	<i>86</i>

CHAPTER 4 – THE FINDINGS OF THE DATA ANALYSIS: ANTI-TRAFFICKING MEASURES AND PRESS TREATMENT OF HUMAN TRAFFICKING	93
<i>1. Introduction to the data analysis</i>	93
<i>2. Anti-trafficking measures and the press coverage of human trafficking (Testing hypothesis 1)</i>	96
2.1 The press coverage of human trafficking in Italy	96
2.2 The press coverage of human trafficking in the UK	105
2.3 Conclusions	112
<i>3. Anti-trafficking measures and the press coverage of exploitation sectors (Testing hypothesis 2)</i>	116
3.1 The exploitation sectors covered by newspapers in Italy	118
3.2 The exploitation sectors covered by newspapers in the UK	130
3.3 Conclusions	142
<i>4. Anti-trafficking measures and the accuracy of the technical language of journalists (Testing hypothesis 3)</i>	146
4.1 The accuracy of the technical language on human trafficking in Italy	147
4.2 The accuracy of the technical language on human trafficking in the UK	156
4.3 Conclusions	164
<i>5. Anti-trafficking measures and the tone of news items (Testing hypothesis 4)</i>	168
5.1 The tone of news items on human trafficking in Italy	172
5.2 The tone of news items on human trafficking in the UK	182
5.3 Conclusions	195
<i>6. Anti-trafficking measures and the conservative or liberal orientations of national newspapers (Testing hypothesis 5)</i>	199
6.1 The validity of H1, H2, H3, and H4 independently from the conservative or liberal orientations of newspapers in Italy	200
6.2 The validity of H1, H2, H3, and H4 independently from the conservative or liberal orientations of newspapers in the UK	204
6.3 Conclusions	208
<i>7. Anti-trafficking measures and the different models of journalism (Testing hypothesis 6)</i>	210
7.1 The validity of H1, H2, H3, and H4 independently from the different models of journalism: comparing the conservative newspapers of Italy and the UK	211
7.2 The validity of H1, H2, H3, and H4 independently from the different models of journalism: comparing the liberal newspapers of Italy and the UK	215

7.3 Conclusions	219
CHAPTER 5 – CONCLUSIONS	223
<i>1. Comments on the findings of the data analysis</i>	<i>224</i>
1.1 Summary of the findings of the data analysis	224
1.2 Limitations of data analysis	227
<i>2. Recommendations for future research, policy and practice</i>	<i>230</i>
2.1 Recommendations for future research	230
2.2 Recommendations for future policy and practice	232
BIBLIOGRAPHY	235
WEBLIOGRAPHY	261
LEGISLATION	263
NEWSPAPER ARTICLES	265
EXHIBITS	267
ANNEX I	275
