**BREAST CANCER PREVENTION IN ITALY: REPRESENTATIONS,
PSYCHOLOGICAL PROFILES AND PRE-SCREENING ANXIETY
PREDICTORS**

Coordinatore: Ch.mo Prof. Claudio Albino BOSIO

Tesi di Dottorato di : Chiara Zuliani

Matricola: 3911225

Anno Accademico 2012/2013

TABLE OF CONTENTS

Preface	4
The research project	10
References	13

Chapter I

Study 1. Knowledge, behaviours and emotions towards breast cancer prevention. A comparative study between north and south of Italy

Abstract	23
Introduction	
Theoretical background	24
The development of research	26
The present study	29
Aims	30
Method:	
Participants	34
Instruments	35
Procedure	37
Data analysis	39
Results	45
Discussion	67
References	76

Chapter II

Study 2. Psychological profiles and anxiety predictors among women waiting for breast cancer screening

Abstract	92
Introduction	
Theoretical background	93
Aims	97
Method:	
Participants	98
Measures	101
Data analytic strategy	105
Results	107
Discussion	119
Limitations and possible developments of the research	123
References	125
