

UNIVERSITÀ  
CATTOLICA  
del Sacro Cuore

Dottorato di ricerca in Istituzioni e Politiche  
Ciclo XXX  
**S.S.D: SECS-P/02 and SECS-P/06**

**DO ACTIONS SPEAK LOUDER THAN  
WORDS?**

TEXTS AND GAMES IN AN EXPERIMENT HELD IN TWO AMERICAN PRISONS

Coordinatore: Ch.mo Prof. P. Colombo

**Tesi di Dottorato di : Elena Esposito**

**Matricola: 4412649**

Anno Accademico 2017 / 2018

## TABLE OF CONTENTS

<b>Introduction .....</b>	<b>7</b>
<b>FIRST PART: METHODOLOGICAL FRAMEWORK .....</b>	<b>9</b>
<b>Chapter One. Measuring social preferences using game theory .....</b>	<b>9</b>
Introduction .....	9
1.1 Ultimatum Game .....	11
1.1.1 Structure of the game and SPE .....	12
1.1.2 Empirical results .....	13
1.1.3 Interpretation of results: which social preference are we measuring? .....	17
1.1.4 Structure's variations .....	18
1.1.4.1 Strategic form.....	19
1.1.4.2 Mini ultimatum .....	21
1.2 Dictator Game .....	22
1.2.1 Structure of the game, SPE and experimental results .....	22
1.2.2 Some issues for internal validity .....	23
1.2.3 Interpretation of results: which social preference are we measuring? .....	24
1.2.4 Hawthorne effect and the anonymity issue .....	27
1.2.5 The property right issue .....	29
1.3 Trust and Reciprocity Game .....	31
1.3.1 Structure of the game, SPE and experimental results .....	31
1.3.2 Trust, risk preferences and betrayal aversion .....	34
1.3.3. Interpretation of results: which social preference are we measuring? .....	39
1.4 Intertemporal Discount Rate Measures .....	42
1.4.1 Intertemporal choices .....	43
1.4.2 Hyperbolic Discount Model .....	45
1.4.3 Measurement issues .....	46
1.4.4 Time discounting and impulsivity .....	52
1.5 Sincerity Game .....	53
1.5.1 Structure of the game and experimental results .....	54
<b>Chapter Two. Experiments in economics: an overview .....</b>	<b>58</b>

<b>Introduction .....</b>	<b>58</b>
2.1 Experiments as a tool to understand the world .....	58
2.2 Some experimental issues .....	63
2.2.1 Instructions .....	65
2.2.2 Avoiding deception .....	67
2.2.3 Incentives .....	68
2.1.3.1 Why incentives? .....	69
2.1.3.2 Implementation of rewards .....	72
2.3 Types of experiments .....	75
 <b>Chapter Three: Context and methodology of the Research .....</b>	 79
3.1 The GRIP program .....	79
3.2 Methodology of the experiment .....	85
3.2.1 The subjects' pool .....	88
3.2.2 The questionnaire .....	89
 <b>SECOND PART: RESULTS OF THE ANALYSIS .....</b>	 98
<b>Chapter Four. Do actions speak louder than words? Data analysis and results .....</b>	<b>98</b>
Introduction .....	98
4.1 Methodology .....	98
4.1.1 Textual categories .....	100
4.1.2 Choice classes .....	106
 <b>Chapter Five: Results of the Dictator Game .....</b>	 110
5.1 Summary statistics .....	110
5.2 Comparing actions with words .....	116
5.2.1 Chi-square independency test .....	116
5.2.2 Rank Difference test .....	129
5.3 Transition matrixes analysis .....	135
 <b>Chapter Six: Results of the Ultimatum Game .....</b>	 142

6.1 Summary statistics .....	142
6.2 Comparing actions with words .....	149
6.2.1 Chi-square independency test .....	149
6.2.2 Rank Difference test .....	154
6.3 Transition matrixes analysis .....	158
<b>Chapter Seven: Results of the Trust Game .....</b>	<b>165</b>
7.1 Summary statistics .....	165
7.2 Comparing actions with words .....	171
7.2.1 Chi-square independency test .....	172
7.2.2 Rank Difference test .....	183
7.3 Transition matrixes analysis .....	187
<b>Chapter Eight: Results of the Reciprocity Game .....</b>	<b>193</b>
8.1 Summary statistics .....	193
8.2 Comparing actions with words .....	197
8.2.1 Chi-square independency test .....	197
8.2.2 Rank Difference test .....	208
8.3 Transition matrixes analysis .....	212
<b>Chapter Nine: Final Remarks .....</b>	<b>218</b>
Introduction .....	218
9.1. Correlation across games .....	218
9.2 Further remarks on games and texts .....	220
9.2 The GRIP program .....	223
<b>Conclusions .....</b>	<b>226</b>
<b>Acknowledgements .....</b>	<b>238</b>
